

Gustav Broman BIO

Gustav Broman was born 1992 in Gothenburg, Sweden. He started playing cello at the age of 6 and switched to bass guitar at the age of 14 after finding Jaco Pastorius first album in his fathers record collection. the love for the electric bass playing of Jaco Pastorius & James Jamerson made it impossible for him to leave the instrument when starting to discover jazz. Instead he added the voice of Ray Brown and Sam Jones to the pile of love for the instrument. After being introduced to the music of John Coltrane & Sonny Rollins there was no turning back. His record player is now working hard with the music of Roscoe Mitchell, Cory Smythe, Ligeti, Bartok, Evan & Charlie Parker.
